1 = not at all · 5 = very much

The pacing felt right for me

---	---	---	---	---

The facilitator's questions opened things up rather than narrowing them down

Silence was used well

What's one moment from this session that stayed with you?

Was there anything that felt rushed, confusing, or uncomfortable?

Anything you'd want more or less of, going forward?

Anything else you'd like your facilitator to know?

Thank You

Your honesty helps this practice stay grounded and useful. If something here needs a direct conversation rather than a form, your facilitator welcomes that too.
